About Samridhi Thapar

Samridhi Thapar is an industry and federation professional with experience in **industry associations, federations, government–industry engagement, institutional partnerships and business development**. As Director General of GICF, she leads strategic outreach, industry collaborations, business initiatives and partnerships across sectors.

Core Areas

- Industry & Federation Affairs
- Government–Industry Interface
- MSME & Entrepreneurship Development
- Trade & Business Development
- Strategic Partnerships
- Conferences, Expos & Industry Platforms

Federation & Government Engagement

Her professional journey includes engagement with federations, trade associations, ministries, departments and institutional stakeholders. She supports initiatives involving industry consultations, MSME programmes, trade promotion, business networking, institutional collaborations and government–industry programmes.

Role at GICF

As Director General, Samridhi works to strengthen GICF as a platform connecting **Government, Industry, MSMEs, Entrepreneurs, Manufacturers, Exporters, Investors and Global Business Networks**. Her focus includes building strategic partnerships, creating business platforms, promoting market access, coordinating industry events and strengthening India's connection with global markets.

Leadership Vision

Samridhi believes India's next phase of growth depends on stronger connections between **policy, industry and markets**. Her vision is to build a federation that actively connects, facilitates and creates opportunities for businesses while helping Indian industry reach national and international markets.

“The role of a modern federation is not only to represent industry, but to connect industry with opportunity.”

Looking Ahead

Under Samridhi's leadership, GICF aims to build a growing ecosystem of Indian and international businesses, institutions and stakeholders working together towards **trade, innovation, entrepreneurship, MSME development and sustainable economic growth**.

Connect businesses • Create opportunities • Take Indian industry to the world
